

Kapiti Boating Club Inc.

Sailing

Anyone interested in learn-to-sail or just want to have a sailing experience, youth or adult, over the summer session a small group of KBC sailors will be at the Clubhouse, 9.30am Sundays. (Starting first Sunday December to last Sunday April)

While our main focus is on learn to sail we will also be teaching the importance of water/personal safety on the water

Both youth (13 years and above) or adults are welcome however you must be able to swim.

The club has access to two 420 dinghies and two Sunbursts, both are two person dinghies and you will be sailing with an experience sailor at the helm.

The club also have a 3.2m Inflatable Rigid Boat (IRB) and for those who are interested in learning how to operate an IRB, we can teach you basic operational techniques.

If you are interested in learning general water safety along with basic sailing skills please please contact:
